Explore & Experiment

1. **Think about what you want to make.** 3D design? Podcast? Pet portrait? Make some beats?
2. **Try** one of the software or sites from the list or explore the web for one of your own liking. There are many resources on the web!
3. **Visit your favorite app store!** The app store for your device will have some choices for you to explore.
4. **Experiment, experiment, experiment!** Practice makes perfect and this also gives you a chance to discover your favorite new tools.
5. **If you make something cool,** upload to your social media and tag with **#urbanartsspace** and **#crafternoons**. If your young artist is working with you, also use **#artexplorations**
6. Do it again and don't forget to title your work!
